Primary Functions

• Assessment, referral, monitoring, and care coordination
• Assistance to mental health professionals, JFS Caseworkers, DDS Services facilitators and juvenile court probation officers in the identification of appropriate community services for youth and their families
• Assessment of service needs
• Connection to community services
• Care coordination and oversight consultation to multiple system partners

Four System Partners:

• Hamilton County Job and Family Services Children Services Division
• Hamilton County Mental Health and Recovery Services Board
• Hamilton County Department of Developmental Disabilities
• Hamilton County Juvenile Court

Each partner system has an appointed liaison for referrals.

Please contact the HOPE program liaison if you have a client that you feel will benefit from HOPE services.

The goal of the HOPE program is to maintain placement in the home environment by providing supportive traditional and non traditional services.

HOPE is a multi-system collaboration between the Hamilton County Mental Health and Recovery Services Board (HCMHRSB), Hamilton County Developmental Disabilities Services (DDS), Hamilton County Children’s Services and Hamilton County Juvenile Court.

HOPE became operational on October 1, 2011 and is responsible for the referral, connection, monitoring and coordination of services for children and youth who are involved in two or more county systems.

HOPE For Children and Families is a program of Mental Health Access Point and Central Clinic.
